AZMI ABDURRAHMAN KAUTSAR

Bandung | azmicod04@gmail.com | 082119266766

"Dedicated undergraduate student in Computer Engineering with a strong passion for embedded systems and Internet of Things (IoT) development and also Web Development. Eager to pursue a career as an embedded systems engineer, backed by hands-on experience in hardware-software integration and practical project work in connected device solutions.".

EDUCATION

Telkom University | *Bachelor of Computer Engineering* 2023 - 2026

- **GPA** : 3.43/4.00
- **Graduation** : November 2026

EXPERIENCE

Laboratorium RnEST (Robotics and Embedded Systems Technology) Dec 2024 - 2025
Staff of Practicum

- Organizing lab practicums for second- and third-year students.
- Organizing study groups on the topics of Embedded Systems and the Internet of Things.

AVS Simulator Jun-Aug 2025
Internship in System Engineering Division

- Integrating I2C Angle Sensor to Modbus Protocol.
- Designing the circuit for inter-protocol sensor integration.

PROJECTS

Sistem Monitoring Kegiatan Santri di SMP MBS A.R. Fachruddin Kota Bekasi Sep 2025 - Jul 2026

- Project work for the completion of final year university assignment.
- Hardware Designs for taking attendance and transactions of students.
- Hardware integration with web and mobile apps.

Sistem Informasi Perpustakaan May 2024

- Library Information System Web Project for Database Design course assignment.

CERTIFICATION

Data Analytics Essentials | Cisco Networking Academy Sep 2026

- Learn the fundamentals of a data analyst. Learning how to use excel spreadsheets, SQL Database and Queries, Tableau visualizations.

AWS Cloud Practitioner Essentials | Amazon Web Services Sep 2026

- Learn the fundamentals of AWS services, pricing, security, monitoring, and architecture

SKILLS

- **Hard Skills** : Hardware Development, Web Development.
- **Soft Skills** : Communication, Teamwork, Creativity, Time Management.
- **Language** : Indonesian, English.
